

BFA 3 Student Issues		
Issue	Next Action	Outcome
What is the status of the hoist control repair in T461?	Jim will check with Fai/Ken	
Many of the department moving light fixtures have problems and require maintenance/repair. How can this be carried out?	Jim will check with Fai and Wan San.	
The teacher for the AV Operations class is not teaching the content of the syllabus. He is focusing on electrics and electronics, not AV Operations. Also these classes often run very late - up to 1.5 hours over the scheduled time.	Jim will raise this at the EDT Dept. meeting	
Sound Design students would like to take the class Music Tech 2, but it clashes with Sound System Design 1. Could it be offered again?	Jim will raise this at the EDT Dept. meeting	
Sound System Design students would like to take the course Pop Recording Techniques, but it clashes with Sound Design 1. As there is only one recording student taking this course, could it be rescheduled so the Sound System Design students could attend?	Jim will raise this at the EDT Dept. meeting
